## Construction Notice

Dear Neighbors,

Please accept this as notification from New York Transco (NY Transco) regarding upcoming planned blasting at the New York Transco-owned Dover Station property at 2238 Route 22 Dover, NY (Site). It is anticipated that controlled blasting on the Site will occur in phases with the first phase initiating as early as the week of June 24. Blasting activities are anticipated to be completed by early September.

The limited blasting program is being undertaken by MD Drilling. Additional details about the blasting program are included in the enclosed fact sheet.

Safety is our top priority! As such, please do not enter the construction site or approach construction crews/equipment. If you need to speak to a project representative, please reach out either via phone or email with questions or for more information. Please anticipate future communications on our progress or various activities at the Site.

We look forward to keeping you updated on progress and welcome your questions.

Thank you,

Shannon Baxevanis  
Director of Communications & Public Affairs  
New York Transco
